\$46,224. Please see attached PDF, this is the list until 12/6/2012	
2.	Will these funds be used solely for Hurricane Sandy relief? If not, approximately what portion will be used for Hurricane Sandy relief and what other purposes will funds be used for?
YES. These funds have been used solely for Hurricane Sandy.	
3.	Approximately how much has your organization spent to date on Hurricane Sandy relief?
We have spent at least \$84,061 so far. Please see attached EXCEL spread sheet.	
4.	What services has your organization provided to those affected by Hurricane Sandy? What populations or geographical areas are being served by your organization in response to Hurricane Sandy? What services does it expect to provide in the future?
<p>We have provided extensive medical care at our hospital at no charge to animals affected by the hurricane. We have boarded animals, (we still have 3 cats boarding). We have traveled to affected areas (the projects in Coney Island, Breezy Point and the Rockaways... which included visiting FEEMA sites and food pantries the day before Thanksgiving) to help animals left behind, and also distribute food. We have taken animals in from the Town of Hempstead NY Animal Shelter. (see attached PDF of the email requesting help.) We still have an elderly Beagle found wandering, but have reunited a kitten with its person. We are serving anyone in need of help from all of the 5 boroughs of NYC, Long Island, Westchester and New Jersey. We are still helping those people who are homeless or financially distressed with care for their animals. These are some of the things we have done and you can see photos on the HSNY Home Page of our website: www.humanesocietyny.org</p>	

5.	Has your organization provided funding to other organizations for Hurricane Sandy relief efforts? If so, which organizations have received those funds and what is the approximate dollar amount provided to them? How does your organization determine the need for funding?
No, we have not provided funding to other organizations. We have spent all of our donations received here at the Humane Society of New York's hospital.	
6.	Has your organization provided, or does it intend to provide, direct financial assistance to individuals, families or businesses for Hurricane Sandy relief? If so, what is the approximate dollar amount that your organization has provided to date and approximately how much direct financial assistance does it expect to provide in the future? How does your organization determine the need for assistance?
We have provided financial assistance to families affected by helping them with their animals medical and other needs (food, bedding, litter, etc.). we have provided those services to them at no charge here and will continue to do so, if there is a need...	
7.	Does your organization have a plan in place on how to use any surplus funds not spent for Hurricane Sandy relief? If so, please describe that plan.
We currently do not have a surplus of funds, but as stated above, we expect with so many people financially distressed due to the hurricane, that we will need to continue to provide services for months to come...

Subject: Long Island Animal Shelter Needs Help!

The Town of Hempstead, NY, on Long Island has been devastated by Hurricane Sandy storm. The local shelter has been patrolling the hardest hit communities and is helping people and their beloved pets by providing supplies, food and medical care. It also has also brought in a plethora of displaced animals that have been separated from their owners. The shelter is working diligently with HSUS and the Pet Safe Coalition to reunite people with their Pets.

Unfortunately, like many shelters and rescue groups the shelter is at capacity. It is expecting things to get worse before they get better. If your organization can help with one or two animals please contact:
