Robin Hood Foundation

DESCRIPTION OF EFFORTS	
Please describe the types of assistance that your organization has provided to those affected by Hurricane Sandy.	<p>As of the date of this response, Robin Hood's Relief Committee has approved grants and disbursements totaling \$74.7 million, 100% of the amount donated to the Robin Hood Relief Fund (the "Fund") in response to Hurricane Sandy including the approval in February 2014 of over \$1.2 million in grants. Robin Hood staff continues to monitor the performance of the organizations that have received grants. Any additional amounts that may be received in the future will be allocated promptly. Because Robin Hood's board of directors generously underwrites all administrative and fundraising expenses, 100% of donations to the Fund have gone to organizations that directly improve the lives of those affected by the storm and its aftermath.</p> <p>The Fund has made grants to 391 nonprofit organizations and municipalities serving the needs of low and middle income individuals affected by Sandy in the tri-state area. The Fund continues to assist organizations that are serving the areas hardest hit by the storm. As we reported in our previous response, the two largest funding categories to date remain housing related issues (65% of funds granted) and legal and benefits counseling (14%). A full breakdown of grants by category is as follows:</p> <ul style="list-style-type: none"> ò 65% to groups offering housing assistance, such as home repairs and renovations, mold remediation, rental assistance and moving fees. ò 14% to benefits/legal counseling which includes helping people apply for FEMA and other benefits (unemployment insurance, food stamps), assistance navigating insurance claims, filing appeals for insurance/FEMA denials, and other legal assistance. ò 7% to medical and mental health support, including counseling services, nursing care and medical supplies. ò 5% to organizations providing individual and emergency assistance, such as water, blankets, cash grants and organizational support in the immediate wake of the storm. ò 4% to education programs that provided tutoring to displaced students and day care services. ò 3% to food pantries and soup kitchens which provided hundreds of thousands of meals to storm victims. ò 2% to groups helping people find/train for new jobs.
