<b>DESCRIPTION OF EFFORTS</b>	
<b>Please describe the types of assistance that your organization has provided to those affected by Hurricane Sandy.</b>	Educational Alliance was the first response for many individuals in our community. We provided many services to staff, children & families who are currently served by our programs, as well as community members. Among these services, we provided direct cash assistance to families who incurred unexpected costs and organized volunteers and donations, as many residents lacked basic essentials (water, food, blankets). Over the long-term, we have provided and continue to provide mental health services to children in our early childhood education program and their families.
